

# Symptoms of Coronavirus (COVID-19)

**Complete symptom screening  
checklist at home each day:**

**If you have any of the symptoms on the graphic above, DO NOT bring or send your child to school. Please call Kathy Sheffield (601-364-1059), school nurse, for additional guidance.**

This list is not all possible symptoms. Please call your healthcare provider for any other symptoms that are severe or concerning to you.

# Quarantine Guidelines

Circumstance	# of days quarantined	Other actions taken
Positive COVID test of student <sup>†</sup>	10 days (last 24 hours fever free)	Parents of classmates notified of positive case
Positive COVID test of faculty or staff <sup>†‡</sup>	10 days (last 24 hours fever free and no other symptoms)	Notification of positive case to affected areas
Positive COVID test of household member with close contact*	10 days from last close contact* or 5 days from the last close contact*, symptom free, and a negative COVID-19 test (active virus) on the 5th day	No further actions taken
Positive COVID test of household member with close contact* for JA employees <sup>†‡</sup>	10 days from last close contact* or 5 days from the last close contact*, symptom free, and a negative COVID-19 test (active virus) on the 5th day	No further actions taken
Positive COVID test of household member without close contact*	No quarantine required	No further actions taken
Close contact* with someone with positive COVID test	10 days from last close contact* or 5 days from the last close contact*, symptom free, and a negative COVID-19 test (active virus) on the 5th day	No further actions taken

\*The CDC defines close contact as **any** of the following:

- You were within 6 feet of someone who has COVID-19 for a total of 15 minutes or more
- You provided care at home to someone who is sick with COVID-19
- You had direct physical contact with the person (hugged or kissed them)
- You shared eating or drinking utensils
- They sneezed, coughed, or somehow got respiratory droplets on you

<sup>†</sup>Students, faculty, and staff who have tested positive for COVID-19 do not need to quarantine or get tested again for up to 3 months, as long as they do not develop symptoms again. The school must have dated evidence of the previous positive test.

<sup>‡</sup>Faculty and staff who are fully vaccinated for COVID-19 (i.e., ≥2 weeks following receipt of the second dose in a 2-dose series, or ≥2 weeks following receipt of one dose of a single-dose vaccine) do not need to quarantine or get tested again for up to 3 months, as long as they do not develop symptoms. The school must have dated evidence of vaccination.
